### 100% RACE FEELING GUARANTEED!

GTR is the most realistic racing simulation ever. Experience the original FIA GT Championship first-hand on your PC as you pit your skills against over 50 different opponents on all 10 legendary race courses such as Spa, Oschersleben, and Monza.

Developed by racing professionals, GTR is the most realistic racing experience ever. In addition to true-to-life course data, a highly-developed physics model and the use of real-life car and telemetry data a wealth of detail and technical refinements make GTR a true-to-life experience.

The 3 different modes of play make it easy for racing newcomers to get into the game while guaranteeing simulation pros a real challenge. Another highlight is the optional auto-pilot whose skills grow along with the players', making 24-hour races possible.

"The most realistic and enjoyable racing game to be had!" (Nov. 2004)
